

How to Add HOG Calendar to a Smart Phone

Mad River HOG

- Open the web browser on your phone
- Navigate to the local HOG website: • www.madriverhog.com
- Scroll down to the calendar button to where it says “click here”
- The calendar will now appear. Scroll down to past the last event to find the “subscribe button”
- Click on it to open
- The “subscribe button” will open a menu.
- Select the calendar type you want to add it to. (I have an apple so I selected “Add to Apple Calendar”)

NOTE: The next steps may vary based on the type of smartphone you have but you’ll get the idea

- You will get a prompt asking if you want to subscribe to the calendar feed.
- This will allow any changes to the website calendar to be automatically updated on your personal calendar
- Click “Subscribe”

At this point you will want to verify the new calendar is turned on.

- On iPhone: Open the calendar app.
- At the bottom of the screen, click on the “Calendars” link.
- On iPhone: Scroll down the list of options and look for the subscribed section
- You should see the madriverhog.com webpage listed.
- Press on it to turn it on. A checkmark will appear next to it.
- You can also turn on/off other calendars you may have.
- You should now be able to see scheduled events appear on your calendar.
